

Cyber-Compliance Risk Report - HIPAA

Overall Risk Score: 25/100
Framework Maturity: 35%

Compliance Chart

Risk Heatmap

Legend:

- Physical Access Controls To Data Centers
- Firewall Enabled
- Antivirus Installed
- Data Retention Policy Defined
- Incident Response Plan Tested
- Audit Logs Protected From Modification
- Unauthorized Access Monitoring
- Secure Disposal Of Media
- Encryption Key Management Policy Defined
- Portable Device Encryption
- Dlp System Enabled
- Data Encryption
- Mfa Enabled

Compliance Check Results

- Password Length: Compliant
- Mfa Enabled: Non-Compliant
- System Access Review Frequency Days: Compliant
- Data Encryption: Non-Compliant
- Dlp System Enabled: Non-Compliant
- Portable Device Encryption: Non-Compliant
- Encryption Key Management Policy Defined: Non-Compliant
- Secure Disposal Of Media: Non-Compliant
- Backup Frequency Days: Compliant
- Log Retention Period Days: Compliant
- Unauthorized Access Monitoring: Non-Compliant
- Audit Logs Protected From Modification: Non-Compliant
- Employee Training Frequency Days: Compliant
- Incident Response Plan Tested: Non-Compliant
- Third Party Risk Assessment Frequency Days: Compliant
- Data Retention Policy Defined: Non-Compliant
- Antivirus Installed: Non-Compliant
- Firewall Enabled: Non-Compliant
- System Patches Update Frequency Days: Compliant
- Physical Access Controls To Data Centers: Non-Compliant

Risk Mapping Details

Mfa Enabled

Cyber Risk: Very High

Legal Risk: HIPAA Access Control Violation
Impact (\$): 100000
Recommendation: Enable MFA across all accounts.
Risk Treatment: Accept

Data Encryption

Cyber Risk: Critical
Legal Risk: HIPAA Transmission Security Violation
Impact (\$): 200000
Recommendation: Encrypt data at rest and in transit.
Risk Treatment: Accept

Dlp System Enabled

Cyber Risk: Very High
Legal Risk: HIPAA Data Loss Violation
Impact (\$): 150000
Recommendation: Implement a DLP system.
Risk Treatment: Accept

Portable Device Encryption

Cyber Risk: Medium
Legal Risk: HIPAA reference: 164.310(d)(2)(iv)
Impact (\$): 20000
Recommendation: Encrypt portable devices like laptops and mobile devices.
Risk Treatment: Accept

Encryption Key Management Policy Defined

Cyber Risk: Medium
Legal Risk: HIPAA reference: 164.312(a)(2)(iv)
Impact (\$): 20000
Recommendation: Define a key management policy for encryption keys.
Risk Treatment: Accept

Secure Disposal Of Media

Cyber Risk: Medium
Legal Risk: HIPAA reference: 164.310(d)(2)(i)
Impact (\$): 20000
Recommendation: Securely dispose of old hard drives and other media containing sensitive data.
Risk Treatment: Accept

Unauthorized Access Monitoring

Cyber Risk: Medium
Legal Risk: HIPAA reference: 164.308(a)(1)(ii)(D)

Impact (\$): 20000

Recommendation: Monitor systems for unauthorized access attempts.

Risk Treatment: Accept

Audit Logs Protected From Modification

Cyber Risk: Medium

Legal Risk: HIPAA reference: 164.312(b)

Impact (\$): 20000

Recommendation: Protect audit logs from unauthorized changes.

Risk Treatment: Accept

Incident Response Plan Tested

Cyber Risk: Medium

Legal Risk: HIPAA reference: 164.308(a)(6)(ii)

Impact (\$): 20000

Recommendation: Test the incident response plan annually.

Risk Treatment: Accept

Data Retention Policy Defined

Cyber Risk: Medium

Legal Risk: HIPAA reference: 164.306(b)

Impact (\$): 20000

Recommendation: Define and enforce a data retention policy.

Risk Treatment: Accept

Antivirus Installed

Cyber Risk: Medium

Legal Risk: HIPAA reference: 164.308(a)(5)(B)

Impact (\$): 20000

Recommendation: Install and maintain antivirus software.

Risk Treatment: Accept

Firewall Enabled

Cyber Risk: Medium

Legal Risk: HIPAA reference: 164.312(c)(1)

Impact (\$): 20000

Recommendation: Enable firewalls to protect network perimeters.

Risk Treatment: Accept

Physical Access Controls To Data Centers

Cyber Risk: Medium

Legal Risk: HIPAA reference: 164.310(a)(1)

Impact (\$): 20000

Recommendation: Restrict physical access to data centers to authorized personnel only.

Risk Treatment: Accept
